CE Primary School

SEND Information Report

We hope you find the following information helpful in understanding the types of support we provide for our children at Bolton Parish Church of England Primary School, and how and when these can be accessed.

What should I do if I think my child has a Special Educational Need or Disability?

If you feel your child may have a special educational need or disability (SEND), there is a wealth of information available to support you in the next steps. The following document is a starting point for this. You can read our SEND Policy via the website SEND Documentation for further information.

If you would like to know what provision is in place for your child or you think they may have further needs, please make your concern known by speaking to your child's class teacher initially, who will follow the graduated approach (SEND Policy) and raise this concern with the SENDCo, Miss Gemma Patel, in school.

This concern will be discussed with you and school will give advice on the next steps to support your child, which could include an Early Help Assessment and referrals to external agencies, to ensure needs are met. We will share our findings with you and discuss how we can further support your child.

If you have a concern related to a medical or health issue you may also wish to speak to your GP or health visitor.

What is the school ethos/approach to teaching learners with SEND?

Bolton Parish Church of England Primary School believes that every child is unique and we celebrate everyone's gifts and talents. All children are valued irrespective of abilities or individual differences, encouraged to develop to their full potential and able to contribute to the life of the school.

It is a privilege to play a part in the development of our children. Staff work together to provide an inspirational and exciting learning environment, where all children can develop an enthusiasm for life-long learning.

We are committed to offering an inclusive curriculum to ensure the best possible progress for all pupils, whatever their needs or abilities. We believe that the key to success is happiness, a love of learning and a school where children feel supported, valued and safe.

Members of Bolton Parish Church Primary are encouraged to value ourselves and each other in an atmosphere of peace, love, respect, responsibility, forgiveness, friendship and thankfulness. We want our pupils to develop kindness, respect and care for others and the world around them. Our aim is that every child leaves our school with the skills, knowledge, resilience and confidence needed for a happy and successful life.

Not all pupils with disabilities have special educational needs (SEN) and not all pupils with SEN meet the definition of a person with a disability but this document covers all of these pupils.

How does Bolton Parish Church of England Primary School approach the teaching of children with Special Educational Needs and/or a Disability (SEND)?

All children in school receive quality first teaching, this means that a range of teaching and learning styles and appropriate learning objectives are set for all children with a curriculum matched to their needs. There is a vast amount of support to all children in school as part of our ordinarily available provision, examples of which you can find below.

Some children may present with difficulties in accessing learning, and may need provision that is additional to and different from the whole class adaptive teaching approach, in order for them to access the learning and make progress. This may mean they have a Special Educational Need or Disability (SEND).

The broad area of SEND needs are categorised mainly within four areas according to the 'Code of Practice' (2015). They are listed below with some examples. Our school currently provides additional and/or different provision for a range of needs, including:

Cognition and Learning e.g.

Dyslexia, dyspraxia, specific learning difficulties, moderate learning difficulties, severe learning difficulties and profound and multiple learning difficulties.

Communication and Interaction e.g.

Autism and Speech, language and communication difficulties.

Social, Emotional and Mental Health

Social, emotional and mental health difficulties and attention deficit hyperactivity disorder (ADHD).

Sensory and/or Physical e.g.

Hearing impairment, visual impairment, multi-sensory impairment, medical and physical disabilities.

Dependent on their level of need, children with SEND may be offered small group support or additional 1:1 time with an adult to complete activities or programmes when necessary and to work towards individual targets.

How will school know if your child needs extra help?

A whole school approach is used in addressing SEND policy and practice. Teachers continually monitor and assess children's learning and development. Teachers identify any difficulties pupils may have through precise and careful observation, assessment and monitoring.

Regular assessments give information about academic, social and developmental needs. In collaboration with the school SENDCo, Miss Gemma Patel, teachers are responsible for the early identification of pupils with SEND, who would benefit from additional or different support.

In addition to this, other professionals working for different agencies may have identified your child's needs before your child has entered the school setting. Transition information is shared also between schools and other professionals e.g. Nursery, Health, Speech and Language Therapy Service (SALT) for children moving into/ between schools.

Children who are struggling to make progress, in cognition and learning or communication and interaction, will be assessed using teacher assessment, this will help to identify the gaps in their learning. From this, an Individual Education Plan (IEP) will be created and appropriate support will be put in place to help close these gaps. They will be monitored for 2 terms and if progress is less than expected further steps will be taken to support the child, with the involvement of external agencies. The SENDCo has regular meetings with all staff to keep updated on the needs and progress of pupils with SEND.

How will I know how my child is doing in school?

In addition to autumn and spring term Parents' Consultations, parents of children with SEND are invited to meet with staff each term to discuss and review progress towards targets on their 'Individual Target Plan', and talk about progress in relation to their overall wellbeing.

At Bolton Parish Church of England Primary School we have an 'open door policy' and warmly welcome parents to come into school to speak to staff about any concerns they may have. At busy times of the day, when teaching staff may not be available, office staff can arrange for teachers to contact parents at a mutually convenient time, face to face, via telephone or via email.

At Bolton Parish Church of England Primary School, Our SENDCo welcomes parents to request an appointment with the school office to discuss their child on an individual basis, face to face or via telephone.

Children with an EHCP (Education, Health & Care Plan) will have an Annual Review Meeting, where parents will be involved in discussions about reviewing progress and participate in the identification of new targets and actions as well as long term goals.

What is an EHC Plan?

From September 2015 children and young people age 0-25 years, in consultation with parents/carers, who have followed the graduated approach at school with little progress and have clear significant additional needs, will undergo an Education, Health and Care Assessment.

This will involve agencies working closely together to provide an Education, Health and Care Plan outlining the necessary support to achieve long term outcomes, and prepare these young people for better life chances. As part of the graduated response process, parents will be fully involved in how school are supporting their child at every step of the way.

Myth busters from Bolton Council:

It is not quicker if a parent makes a request for an EHC needs assessment - both parental requests and school requests are subject to the same 20-week timescales.

A parental request does not negate the need for schools/settings to provide the same level of information about a child's needs or the provision made for them. Schools and settings will be required to complete the same paperwork for both a school request and a parental/young person request.

What support will there be for my child's overall well-being?

We believe children should be treated fairly and well-being is of paramount importance. This involves providing access and opportunities for all pupils, staff, parents and visitors without discrimination of any kind.

The school monitors pupils' well-being carefully through conversations, observations during teaching and learning. We aim to support pupils and their families in the best interests of each child. Class teachers have a responsibility to promote positive outcomes for pupils and they are obliged to act on any concerns that they may have regarding the well-being of a pupil.

Concerns are shared with relevant staff members through CPOMs and if necessary escalated further to the safeguarding lead or deputy safeguarding leads.

The school supports individuals and groups of pupils in a range of ways, including the following pastoral groups, positive behaviour rewards system and targeted nurture time with school staff/external agencies.

Bolton Parish Church of England Primary School also arranges "Meet the Teacher" sessions for parents to familiarise themselves with class routines and the curriculum. In addition to this, parents are invited to regular stay and learn/play sessions are arranged to help parents of children in key year group who will undertake statutory assessments to help them to support their child in various ways.

How will I be involved in discussions about, planning for, and involvement in, my child's education?

Parents of children with special educational needs or disabilities are fully involved in reviewing the progress towards agreed targets and in setting new targets. They are also kept informed of the provision for their child at school and staff are always happy to provide guidance to parents about strategies that they can implement at home to support their child.

How does the school involve children and young people in their education and in the decision-making process?

We aim to follow a child-centered approach where possible. Children with SEND are involved in discussing their learning and progress with their class teacher on a termly basis, and their involvement and views are listened to, and discussed at parent consultations, where appropriate.

The school's culture supports pupils in sharing any concerns and in discussing their wishes to support pupils in their development/ learning. All children identify a trusted adult and safe space at the start of the year and this is reviewed regularly to help us understand the child's experiences.

Information about how children with SEND are supported will be shared with appropriate staff during transition between classes, key stages and secondary school. Details of provision within school is also outlined in the 'Waves of Intervention' which can be found at the end of this document.

The EHCP process will involve children in planning the provision that best suits their needs. Children will be involved in setting and reviewing their own targets and will contribute to Annual Reviews, playing a much greater role in personalising their provision where appropriate.

How do we find out if this support is effective?

- School follow a 'Asses, Plan, Do, Review' cycle when supporting children with SEND
- Progress and attainment of all children is reviewed and monitored every term by the Senior Leadership Team. Then class teachers set new targets for all children.
- Intervention groups and support/personalised programmes for children with SEND are monitored by SENDCo and adapted by class teachers regularly. The impact on progress is measured and shared with parents/guardians.
- Teachers continually use adaptive teaching strategies to evaluate and adjust the direction of learning within lessons as appropriate.
- Teachers work collaboratively at Bolton Parish CE Primary and across the MAT to develop and share good SEND practice.
- SEND provision follows a graduated approach (see Waves of Intervention Map below). Not all additional needs will require targeted support beyond Wave 2 intervention, many needs can be met within the school environment using ordinarily available provision such as adaptive strategies (examples found at the bottom of this document).
- When extra support is having the desired impact on a child's attainment and progress, this support may then be gradually withdrawn, sometimes leading to the child being removed from the school SEND register as part of our flexible approach to supporting children. Parents/carers will be consulted as part of these decisions.
- If a child is still struggling, despite the early intervention of teachers and support in class, it may be necessary to seek support from other agencies. Again, this will be fully discussed with parents/carers when appropriate. The SENDCo may join the class teacher these discussions.
- Children who already attend Bolton Parish CE Primary School, who currently have an Education Health Care from the Local Education Authority, will continue to have an Annual Review meeting to discuss progress towards their objectives and support their needs.

Who can share advice and support with me in relation to SEND?

The following services may be able to offer support and advice for parents:

- Bolton Information Advisory Service (IAS)
- Woodbridge SEND Support (Outreach Service)
- Aspire Behaviour Support
- Educational Psychologist (EP)
- Speech and Language Therapy (SALT)
- Nest
- School Nurse
- Fort Alice
- Bolton Social Communication and Interaction Panel (BSCIP)
- iThrive
- Child and Adolescent Mental Health Services (CAMHS)
- Health Professionals E.g. Paediatrician, Occupational Therapist, Child Counsellor etc.
- Visual/Hearing Impairment Teachers

Other agencies are also available when referrals are made or advice sought e.g. Sensory Support service/Occupational Therapy.

How do I get support to complete SEND paperwork?

SEND paperwork can be very complicated! If you are required to complete paperwork as part of a referral made by school we are more than happy to support you, with doing so. Please make appropriate arrangements to meet with the relevant staff member at the office.

If you have been asked by another professional from a different agency to complete paperwork, please allow 14 days from the day you hand it in for it to be completed and returned to you.

How does Bolton Parish Church of England Primary School accommodate children with physical disabilities?

Bolton Parish Church of England Primary School makes all reasonable adjustments to ensure that all pupils can participate fully in education. We use a range of resources in order to enable all children to access a broad and balanced curriculum including:

- Adaptive teaching strategies and assistive technology
- Accessible written materials such as handouts, timetables and school information
- A clearly structured and inclusive curriculum
- Teaching assistants and additional support staff
- Specialist equipment and ICT resources
- Adjustments to the physical environment where needed
- Equipment recommended by specialists such as Occupational Therapists
- Support and advice from external agencies
- Regular communication with parents and carers

Bolton Parish Church of England Primary School is a modern, purpose-built building and as such can accommodate children with mobility difficulties with careful thought and planning. The building is all on one level with easy access to the playgrounds. The school currently has a hygiene room, hoist, changing facilities and trained members of staff to manage the equipment.

How do I find information about Local Authority provision for children and young people with SEND?

The Local Offer is available on Bolton Council's Website which is accessible via the following link:
<https://www.bolton.gov.uk/sendlocaloffer/>

How do I find more advice and support other than from school?

If you want advice from professionals outside school, your local GP is a good first point of contact. If they feel further support is needed from other agencies they will provide an information sharing document to be sent with school.

There are many agencies that can provide you with support, some of which are listed below:

How do I get a copy of the school SEND policy?

The school SEND policy is available in the SEND section of the school website. A copy is also available from the school office on request.

This can also be requested in enlarged print if required.

How should complaints regarding SEND provision be made and how will they be dealt with?

All complaints are dealt with in line with the school's Complaint Procedure which is available on the website or by contacting School on 01204 333433. Initially, parents are encouraged to raise any concerns with the class teacher to see if their concerns can be addressed. If parents are not satisfied, the complaint should then be referred to the Head teacher, as outlined in the Complaints Procedure.

Who do I contact for further information and who is the school's SEND Governor?

We hope this information is helpful, if you would like to discuss any aspect of our provision in more detail, you are very welcome to make an appointment. Miss Gemma Patel is the school SENDCo. If you would like to discuss any area of concern please contact the school office to arrange an appointment (01204 333433).

Rev. Hannah Lane is the school SEND Governor and can be contacted via the above number.
